

## **GRAVEYARD ANNUAL REPORT 2025-2026.**

The maintenance of the Graveyard has run well this past year.

We would particularly like to thank the Victory Hall for the use of their ride on mower, this has made maintaining the graveyard much easier and quicker. We have a great team of local volunteers who regularly give up their Saturday afternoons to come and trim, mow and tidy the area, their support is wonderful and always appreciated.

The only minor issue we have had is dog fouling. Thanks to the kind generosity of the Community Fund, who gave us a grant for the new gate posts, this problem as now stopped.

We would like to express our gratitude to all who have supported us this last year.

Ernie Hicks
